## LIBERALS CHOOSE

### DR. O. BOYD AS CANDIDATE

**Convention Was Well At-  
tended—Five Candidates  
Nominated But All Retire  
and Choice Made Unani-  
mously.**

At the Liberal convention held in Medicine Hat last Wednesday Dr. Oliver Boyd, alderman, was nominated as the Liberal candidate to contest the riding of Medicine Hat in opposition to Nelson Spence, who was gone time ago named by the Conservatives of the riding.

There were five nominees of the convention to contest the seat, three from out of the city and two from the city. All but the latter two, D. Boyd and John H. Spencer, withdrew, and on a ballot of the convention Dr. Boyd was tendered the nomination by a close vote. Mr. Spencer immediately withdrew and asked that the convention make Dr. Boyd's nomination a unanimous one and this was done with three cheers and a tiger for the nominee.

Dr. Boyd accepted the nomination in a neat speech, thanking the convention for the honor and promising them he would jump into the fray and fight the different parties of the constituency to the best of his ability for his friends.

## General News Notes

From Various Points

It is officially announced that the British South African troops have occupied Swakopmund. The British casualties were two killed and ten wounded. Swakopmund is an important port on Walvis Bay in German Southwest Africa.

Popular demonstrations have been held in Vienna against continuing the war. Starving demonstrators marched to the municipal offices crying "down with war" and tried to reach the barracks. They were dispersed by the police.

Addressing the Canadian Club at Port Arthur Major General Hughes and the Canadian troops, on account of the weather and other reasons at Salisbury, were not as fit to go to the front now as when they sailed from Vancouver.

A dispatch from Geneva says that Roumanian students in Swiss universities received orders by telegram on Saturday to return home on account of the mobilization of the Roumanian army.

The Turkish official statement issued in Constantinople Saturday announced that the French submarine Saphir, while trying to enter the Dardanelles, was sunk by Turkish artillery. A part of the submarine's crew was rescued.

Arriving at Vancouver on two steamers from the South Sea Islands and Australia Saturday were no less than 400 men who are paying their own transportation to the front and hurrying to London to join the British army in the fighting on the continent. A few were from the islands, while most of them came from Fiji where they had gathered from adjacent islands.

Fifty thousand horses are to be furnished the British and French governments within six months. A contract was signed at San Antonio, Texas, The first shipment of five thousand is to be made February 21. Of the animals 40,000 will be saddle horses and 10,000 will be for artillery. The first shipment of 100 horses out of 2,000 for Greece is to be made from Calcutta.

A Toronto citizen is in receipt of a letter from Lord Chas. Herford in which the admiral makes outspoken comment on the British naval losses, and declares that the loss of cruisers and destroyers is to be blamed for the loss of 4,000 of England's best men. He maintains the submarine menace must not be overestimated and that destroyers provide effective protection against submarine attacks.

## DR. O. BOYD.

of Medicine Hat who was chosen as Liberal Candidate at Convention held last Wednesday.

## LOCAL ODDFELLOWS INSTALL OFFICERS

At the regular meeting of the O. O. F. lodge held in the lodge room last Wednesday evening the following newly elected officers for the ensuing year were installed: President—McLennan. Noble Grand—Ray Twiss. Vice-Grand—Raymond Cox. R. G. J. E. McKenney. R. G. J. E. McKenney. Treas.—W. Whitham. Chap.—Luther Clark.

## Earthquake Casualties Still Increasing

Detailed reports received in Rome regarding Italy's stupendous earthquake disaster increase rather than diminish the appalling list of dead and the enormous property loss. The message, after making a careful computation of all the figures it has been able to gather from the districts and villages hitherto isolated, announces that the number of dead and injured in the Abruzzi alone is 90,000 without including the Roma district. Shafalo has 300 dead and 620 injured; Morino 1,500 dead, Canistro 400 injured, Cervaro 300 victims, Roma 100 dead and Valvereto 1,800. At Civello Rovato almost the entire population escaped because they were working in the fields when the shock occurred.

## FARMERS SHOULD

SAVE WOOD ASHES With the supply of potash from the German mines shut off by war conditions, Canada should now give attention to the large quantity of this fertilizing agent which is allowed to go to waste through want of care and conservation of annual production of wood ash.

Throughout a large part of Canada the chief fuel at all seasons, but more especially in winter, is wood. In the eastern provinces, hardwoods are chiefly used. These woods, especially beech and maple, are rich in potash varying from 5 to 13 per cent, according to conditions of dryness of the wood and care of the ashes. Other valuable ingredients of wood ash are a small proportion of phosphoric acid and about 50 per cent of carbonate of lime.

In the spring the ashes should be spread upon the land. They are especially valuable as a fertilizer and to encourage the growth of clover and other leafy woods.

In the latter fall, wood ashes supply the phosphoric acid and lime in which these salts are deficient. While, on the other hand, the lime content of the ashes tends to render the phosphoric acid salts already present in abundance.

## Signalling Class Is Organized

A signalling class for boys and men has been organized at the Young Men's Club. The first practice was held today and quite a number turned out. The classes consist of Morse and semaphore signalling, call signals, message and making, military tactics and scouting.

We are informed that some time ago the military authorities asked for six men from Redcliff who were up in this work but none could qualify.

## RED CROSS SOCIETY ASK FOR ASSISTANCE

The Canadian Red Cross Society asks for the people of Canada to give of their means at this time of grave national crisis. In the course of a few weeks 32,000 soldiers from this Dominion will have crossed the English channel to take their places beside our gallant allies in the trenches on the once fertile fields of Flanders. These soldiers will be called upon to undergo many hardships; they will have to face the elements and many no doubt will fall on the field of honor. It is only right that those who are living in comfort far away from where these terrible scenes are being enacted should give out of the largeness of their hearts as much of the suffering and discomfort as possible may be alleviated. The people of Canada have given generously to the funds of the Red Cross Society but the society is still in need, not only of money, but of comforts and surgical appliances, and the society will be sorely needed when the present terrible affliction continues. Not only is the society called upon for provide for the Canadian soldiers now on Gallipoli but the troops who are in this country have to be looked after as well as our allies and soldiers at the front.

Subscriptions and comforts of all kinds will be warmly welcomed and should be addressed to "Canadian Red Cross Society, 77 King Street east, Toronto, Canada."

All consignments should bear the name and address of the senders and a list of the goods.

## Boy Scouts Will Solicit Subscriptions

On behalf of the boy scouts, Scoutmaster Wade has had submitted to him a proposition whereby the boys can make a little money for their own organization. A magazine known as "The Canadian War" has commenced publication in Toronto and the proprietors have offered the scouts a liberal percentage on all subscriptions, secured and street sales made. The Canadian War is a well edited magazine containing interesting items from some of the best writers in Canada. It is particularly interesting at this time and should find a ready sale in town.

## Fell On Sidewalk and Broke His Leg

After the rain last Monday and the drop in the temperature the following day the sidewalks and crossings were in a very slippery condition. Thursday morning, when W. J. Roy was going home he slipped and fell while crossing the west over track and had the misfortune of breaking one of the small bones in his right ankle. He was assisted to Dr. Brown's office where the fracture was attended to and he was afterwards taken to the Medicine Hat hospital where he will probably be confined for the next few weeks.

## DACIA WILL BE SEIZED

IF SHE SAILS WITH CARGO The British government announced through its embassy at Washington that if the former Hamburg-American liner Dacia proceeded to sea she would be captured and taken to a prize court. Her cargo of cotton will be purchased by the British government or forwarded to Rotterdam without further expense to the shippers, as the case may arise.

One hundred and eight horses are now stable at the Hat for the mounted rifles.

A consignment of 100 saddle sheep direct from the factory arrived in Medicine Hat for use by the mounted rifles.

Yesterday was pay day for the soldiers at Medicine Hat. \$11,000 was paid out. When the whole squadron is mobilized at the Hat the pay roll will be \$40,000 per month.

As soon as quarters can be secured for them the 10th squadron of the Third Mounted Rifles, now quartered in a vacant school house at Edmonton, where they are doing their training, will be brought to Medicine Hat.

## BIRTH

WATERS—In Redcliff, on Friday, January 22nd, 1915, to Mr. and Mrs. Wm. Waters, a son.

## Box Springs Pioneer Passes Away

Mr. Louis Redcliff, one of the oldest settlers of the Box Springs district, died suddenly at his home last Friday night. He had been enjoying his usual good food until Friday evening, when he suddenly showed signs of being paralyzed. Deceased was a bachelor and lived alone but on Friday evening his brother and nephews were with him and had been spending a pleasant evening until he showed signs of illness. He was helped to bed and in a short time seemed to be recovering, but towards midnight he passed away. The remains were taken to Nettie's undertaking parlour, Medicine Hat, and Coroner Boyd notified. Dr. Brown was called in from here to perform a mortuary when it was found that death resulted from natural causes, and no inquest was deemed necessary. Cerebral hemorrhage was the cause of death.

The funeral took place on Monday from Knott's undertaking rooms and the remains were interred in the Medicine Hat cemetery.

Deceased was born in the province of Quebec 24 years ago, but when quite young moved to the United States, settling in the state of Kansas. He was a veteran of the civil war and had many interesting tales of events in those days.

## Local People Attend Medicine Hat Dance

The Maids and daughters of England held their second annual grand ball in the Odd Fellows hall, Medicine Hat, on Friday evening last, which was well attended by members of the local lodge of the Sons of England and their friends. They report a very enjoyable evening. The ladies of the society are to be congratulated on the arrangements made to make the dance the most successful of the season. The menu was supplied by the Medicine Hat mandoline band, which was at that time desired to make the dance the most successful of the season. The menu was supplied by the Medicine Hat mandoline band, which was at that time desired to make the dance the most successful of the season.

## SEND FOUR ENEMIES TO MILITARY PRISON.

Professing that in a little while the Germans would sweep the British out of the New Westminster and declaring that he was about to start an insurrection among the Germans, a German being the Irish name of Stephen Burke, was taken in charge by the police Saturday. He will be sent to a military prison.

Burke was released on Thursday from the provincial jail after serving a two months term for flourishing a revolver and being drunkly after the war broke out. After leaving the prison he declared publicly what he would do to the "dirty English." He said he would take German "kitties" and how soon the citizens would be "killed."

In the midst of these declarations the city police marched him off to the lock-up.

Baron Carl von Mackensen, Ernest West Rodden and Hans Harenchell, all of New Westminster, the three Germans who have been detained in the provincial jail, were also taken to the military prison. The three are suspected of having aided German deserters to cross into the United States from the Baron's ranch at Port Kells, B. C.

## SAYS GOVERNMENT SHOULD REGULATE PRICE OF WHEAT

Attention throughout the west is being given to the advisability of the government regulating the price of wheat. It was suggested at Ottawa by Fred W. Green, secretary of the Grain Growers' association, three months ago. The need for it is now more urgent than ever, and Mr. Green argues that the standardization of the price of foodstuffs would be a long way towards sending people on to the land by giving them a certainty as to a crop return.

Miss Brindley, who has been the guest of her sister, Mrs. E. Argue, since Christmas, left this week for her home in the east. During her stay here Miss Brindley was well impressed with the town and we feel sure it will not be long before she pays another visit to Redcliff.

## ANNUAL MEETING OF REDCLIFF CLUB

The annual meeting of the Redcliff Club was held in the club room last Friday evening. There was a good turnout of members. H. O. Wheeler took chair and called the meeting to order, after which the treasurer presented the annual report, showing the club to be in a most satisfactory financial condition. Although the club has only been running a little over a year its entire furnishings and equipment are entirely paid for and they still have a good balance to their credit. At present there is a membership of about eighty. A resolution was passed authorizing the change of the constitution, making the limit for country members over five miles from town instead of fifteen miles as heretofore.

The election of officers for the ensuing year resulted as follows: President—L. H. Bryant. Vice-President—W. T. Lockwood. Secretary—W. H. Hayes. Treasurer—F. R. H. Phipps. Directors—J. J. Bost, B. H. Spaulding and W. H. Halcher.

## Christian League Suspends Temporarily

The annual meeting of the Men's Christian League was held Wednesday evening, the 18th inst. After preliminary business had been transacted all business was suspended. A resolution was passed that the accounts be ordered paid. After a considerable discussion it was decided to discontinue the league until such time as the meeting was called for reorganization. It was thought better to do this, and later will attempt to improve to begin with rather than to attempt to conduct a successful work at this time of depression.

The ladies heretofore organized will have no connection with the former Men's League. A trusted committee of ladies of the Redcliff Review for the league's assets for the time being. The attention of the public is drawn to the fact that the Men's Christian League will not be responsible for any debts incurred in their name in the future.

## Red Rose Club Sleigh to Medicine Hat

A jolly evening was spent by the younger members of the Red Rose club last Thursday evening, when 13 of them slipped on sleds to Medicine Hat to take in the show at the Monarch. After the show they were entertained by the club to a supper. They then returned to Redcliff in the wee sma' hours. The following made up the party: Misses S. Penney, R. Walton, A. Porter, M. Miller, A. Lutz, C. A. Timmuth; Messrs. F. W. Womersley, H. Womersley, S. Miller, S. Kutter, Allan.

## WORK OF THE OTTAWA MINT

During the past seven years the branch of the Royal Mint at Ottawa has coined for issue 92, 147,400 moneys, with a total value of \$14,071,914.43. The details are given in the statement covering the period from January, 1906, to November, 1914, and supplied to The Secretary Treasury by Dr. Anne Bonar Deputy Minister of the Royal Mint at Ottawa. Part of the metal used in the Ottawa Mint was purchased in Canada and part in the United States.

## IMMIGRATION LAST YEAR

The immigration statistics for the past season are, for the first time made public in The Monthly Times. They show that the British immigrants numbered 35,254; United States, 47,040; and other countries, 10,284. A total of 197,384, compared with 327,913 in the previous season. This is a decrease of 61 per cent in view of prevailing conditions in Canada and the United States, this fact is obviously satisfactory. Immigration to the United States has also decreased greatly.

## Getting Ready For Big Minstrel Show

The members of the Young Men's club are now getting well into shape with the preliminary work in connection with the minstrel show which they intend putting on in the near future. A good program is being arranged and regular practices are being held. There are still a few openings for singers and any who can help in this line. Full particulars may be had at the club rooms.

## LIBERAL OFFER ANNOUNCED AT CHURCH MEETING

Will Bear Half Expense of New Church Is Announcement Made At Annual Meeting of Presbyterian Church.

A goodly number gather on Wednesday evening in the Presbyterian church to hear reports and transact congregational business. An intelligent optimism characterized the reports and the business transacted, noting from the cheerfulness of those present.

The Sunday school reported an average attendance of 85.1 per Sunday, an increase of \$25.34, and an increased efficiency.

The Board of Managers submitted a lengthy report which was read by Wm. Henderson, Esq. For relief work the cash receipts were \$109.60, while a balance of \$25.34 was received from friends in Nova Scotia, Toronto, Inuit and Calgary.

For church building \$81.50 were received and \$710.30 spent. There is a pleasant surprise broke out into applause when it was announced that the church had received \$25.34 from the expense of the new church building and furnishings.

The last payment on the Manna, \$101.17, was made. The Sabbath offerings amounted to \$814.50; other receipts brought the general fund up to \$854.00.

A good report of the Ladies' Aid was submitted by Mrs. A. Symon, which showed \$242.00 spent for the year. The total receipts of the congregation and its organizations for all purposes during the year 1914 were \$2,765.21.

The thanks of the congregation were expressed to Mr. Hatcher, proprietor of the Redcliff Review for many favors, to the Union Bible class and Messrs. Lang and Hitchen for contributions for relief, to Ladies Aid for its energetic and successful work; to the young men who have acted as ushers and performed other services for the congregation; and to the ladies for providing lunch.

The following officers and committees were appointed:

Board of Managers, to retire in 1916: Geo. Gibson, J. F. Fricke, Geo. Dunnet, Wm. Henderson, to retire in 1917: H. O. Wheeler, N. B. Story, Robt. W. T. Fairbairn. Ushers—Clifford Fricke, Stanley Fairbairn, Geo. Dunnet, Joseph Hitchen. Women's Committee—D. F. R. H. Phipps, Mrs. Innes, Mrs. D. Fairbairn, J. V. Auman, E. H. Osborne. Trustees—C. W. White, C. T. Hall, James Macdonald.

## St. Ambrose W. A.

### Gives Whist Drive

The whist drive held last Tuesday evening under the auspices of the W. A. of St. Ambrose church was a great success. Forty tables were engaged and fourteen games were played. The first prize was won by D. MacKay. The contest for the ladies' prize resulted in a tie between Mrs. D. C. Smith and Mrs. Wm. Smith winning out in the final round.

At 11 o'clock dancing commenced and was continued until about 1:30. During the interval the ladies' lunch was served by the ladies. The music for the dancing was provided by the different members present and was most satisfactory.

## TYPHOID VACCINE

Typoid vaccine is being prepared in large quantities in the provincial laboratory at the University of Alberta. An order for 1,500 doses for some of the soldiers on the way to the front has just been filled, 1,000 for the men now at Calgary and 500 for those at Medicine Hat. It is the intention of the directors of the bacteriological laboratory to prepare all kinds of vaccine in the near future.

FRIDAY, JANUARY 22, 1915.

## A SERIOUS SITUATION

From what we have heard from different farmers of this district recently, the question of feed for stock is now becoming quite serious. This is due in the first place to the hay crop and pasture failure last year, and in the second place to the deep crusty snow which makes it almost impossible for the cattle to get at what little grass there is.

So far as this part of the province is concerned this is a serious matter, as it will have a tendency of discouraging farmers from staying in the stock business. Unless something is done soon to relieve the situation it will mean not only that the stock will have to be sacrificed, but that those who have just started into the business will be set back several years.

The Dominion government came to the rescue last September and ever since that time have been giving relief in the shape of provisions for the people. At the start they also dealt out liberal supplies of feed for horses, hogs and hens. At present they are also doing their share toward trying to make it possible for farmers to keep their brood animals. This is a heavy burden on the Dominion government, especially at the most strenuous time in the country's history. It would, therefore, we feel, be a very opportune time for the provincial government to come to the rescue and do something in the way of providing feed for the stock. Every farmer in the district needs hay and needs it badly. We are told there was an exceptionally good crop of hay in the north country last year and that at present there are large quantities of it for sale. Would it not, then, be a good idea if the Provincial government would buy it all up and have it shipped to the districts affected and sell it to the farmers along the same lines as the Dominion government is handling the provisions. Instead of taking a lien on the land as the Dominion government is doing the province could take a lien on the stock sufficient to cover the amount of the hay secured.

This is a matter of the greatest importance to this province as cattle raising is and always will be one of its most important industries. As we said before if it is not encouraged now it will take years to bring it back to where it is today in this industry.

## ROBBING PETER TO PAY PAUL

Although it is now almost six months since the Dominion government started issuing orders for the relief to farmers, the merchants have not yet been paid for the first orders issued. We are quite aware there is a lot of form and red tape to be gone through in all government business but this seems an unusually long time for the merchants waiting. At the present time the merchants of the southern part of this province have thousands of dollars out for these supplies and it is beginning to be seriously felt by most of them. With the present conditions of the money market the government should make a special effort to have these bills paid regularly. Otherwise it is almost impossible for the smaller merchants to keep up their stock. At the present time it looks as if the government was playing the "robbing Peter to pay Paul" game.

## AN OBJECT LESSON

At the banquet tendered to the Hon. Major-General Hughes in Medicine Hat last Tuesday evening Mr. Buchanan, Liberal M. P. for this constituency, responded to the toast, "The Canadian Militia," and Hon. C. R. Mitchell, provincial treasurer, proposed the toast to "Our Guest." Both speakers were in their praise of the ability of the minister of militia, and the able and satisfactory manner in which he was conducting the affairs in connection with mobilizing the Canadian troops. While both differed with him on many political questions they assured the Major-General of their whole-hearted support and assistance during the present troublesome times. After reading and hearing criticism of the minister in small party papers and by cheap political speakers they must feel that Canada can produce, and to take advantage of this opportunity, Canada should greatly increase her production, especially of live stock and farm produce.

## WHAT IS THE OUTLOOK?

In a lengthy review in The Monetary Times Annual of the past year's events in finance and business and a discussion of the outlook, Mr. Fred. W. Field, the editor, takes a conservatively optimistic view. A careful analysis of the position, he says, leads one to the belief expressed by Sir George Foster that of all the countries in the world, Canada today occupies the best position. That is the case only if we recognize, says Mr. Field, the fundamental politics of the national position, and chief among these is the imperative necessity of increasing Canadian production. In the same article, the probable duration of the war is discussed and authorities quoted. "The question, however," cannot be decided with the aid of figures, theories and opinions, says the writer. It will be determined by the strength of British arms, determination, funds and confidence.

What conditions will prevail after the war, is another interesting phase of the situation dealt with. The popular impression is that things will be much better. What may happen, thinks the writer, is that a period of general activity will follow the declaration of peace, so far as available capital will allow, to be followed in turn by a period of stagnation.

## CANADA'S DUTY FOR 1915

In a circular recently issued the conservation commission points out the following as Canada's duty for the present year: Conservation and development of her water powers, minerals, forests and fisheries.

## Large increase in farm production.

Increase in live stock production. The cultivation of the garden plot.

The purchase and use of goods "Made-in-Canada."

Provision for technical training of her sons and daughters.

Further advances in providing sanitary houses and clean cities for the people.

Extension of the "Safety First" movement.

Further reduction in fire losses.

Business as usual.

The conference of delegates from Calgary, Edmonton, Lethbridge and Medicine Hat held in Calgary last week to discuss applying to the Dominion government for aid in solving the unemployed problem disclosed the great difficulty that the government will have in handling the subject. Each city has demands of its own. Calgary wants some \$2,000,000 of public buildings proceeded with; Leth-

bridge wants the government to guarantee a \$2,000,000 irrigation bond issue; both Medicine Hat and Edmonton ask expensive work done on the river shores of their respective cities.

These demands will place the government in an awkward position. If it should grant these requests it would be besieged with similar requests from every town and city from the Atlantic to the Pacific. Where, then, would they get off at these strenuous times.

Canada is a large importer and borrower. In order that she may continue to buy abroad what she requires, and pay interest on her borrowings, she must sell European countries will require all Canada can produce, and to take advantage of this opportunity, Canada should greatly increase her production, especially of live stock and farm produce.

During the coming year, Canada, as the "granary of the empire," should make such large increases in production as to fulfill her duty and deserve the appellation.

## AMATEUR THEATRICALS.

Next Thursday, January 28th, is the day of the first theatrical display in the Maple hall. It will be presented in two parts, the first part being the well known children's fairy tale, "Beauty and the Beast," and the second part the amusing farce entitled "Jolly Servant." A strong cast, including several well known footlight stars, has been at work for some time and a powerful company of these delightful and popular plays is assured.

The curtain will rise at 8 p. m. sharp. Admission 25c. All proceeds should be kept the night free.

Earl Grey, the former governor-general of Canada, in reviewing a bridge of the Canadian contingent, told them they would soon be sent to the front. This is the first intimation from any more or less official source of the probable departure of the Canadian brigades.

## LODGE DIRECTORY.

REDCLIFF LODGE No. 90.  
I. O. O. F.  
Meets every Wednesday in Reid's Hall at 7:30 o'clock. Visiting brothers always welcome.

## WHY THESE EXPORTS HAVE BEEN DECLINING

Vast Home Market For Dairy Products in Other Farms Less Profitable For Export Less Profitable

According to the "Canadian Countryman" the products of Canadian farms have been by and large dropped out of the class of exportable commodities.

Cheese, butter, cattle, hogs, sheep, have all consecutively received a home market better than any that could be found abroad.

Two items, however, which no one had the hardihood to claim were dropped from the list, were our cheese and our wheat.

But cheese seems to be heading that way at the present time. Canadian consumption of cheese was very heavy, per capita. Not so today.

But it is far heavier than in the past, a fact for which we have much to be thankful for.

Many retail dealers will sell, and so this season, the Canadian makes has managed to find a market at home.

The price asked and paid are very close, as yet, to export quotations, but they are still held above the level of Old Country traders.

Of course, little doubt is entertained but that Canada must find a foreign outlet for a great bulk of her cheese.

But, after all, it is just about as logical to look for another kind of thing to happen. The war in which cheese, butter, cattle, hogs, sheep, have all consecutively received a home market better than any that could be found abroad.

Many retail dealers will sell, and so this season, the Canadian makes has managed to find a market at home.

The price asked and paid are very close, as yet, to export quotations, but they are still held above the level of Old Country traders.

Of course, little doubt is entertained but that Canada must find a foreign outlet for a great bulk of her cheese.

But, after all, it is just about as logical to look for another kind of thing to happen. The war in which cheese, butter, cattle, hogs, sheep, have all consecutively received a home market better than any that could be found abroad.

Two items, however, which no one had the hardihood to claim were dropped from the list, were our cheese and our wheat.

But cheese seems to be heading that way at the present time. Canadian consumption of cheese was very heavy, per capita. Not so today.

But it is far heavier than in the past, a fact for which we have much to be thankful for.

Many retail dealers will sell, and so this season, the Canadian makes has managed to find a market at home.

The price asked and paid are very close, as yet, to export quotations, but they are still held above the level of Old Country traders.

Of course, little doubt is entertained but that Canada must find a foreign outlet for a great bulk of her cheese.

## By-Law No.

A BY-LAW OF THE TOWN OF REDCLIFF, ALBERTA, FOR THE BORROWING OF \$25,000.00 UPON DEBENTURES TO PROVIDE FOR THE DEFICIENCY OF THE TOWN OF REDCLIFF, ALBERTA, ISSUED UNDER BY-LAW No. 1 OF THE TOWN OF REDCLIFF, ALBERTA.

WHEREAS by By-law Number 5 of the said Town of Redcliff, the said Town was authorized and empowered to borrow the sum of \$25,000.00 of the credit of the Town at large to pay for the price of the purchase of the Water System from The Redcliff Realty Company, Limited.

AND WHEREAS it was necessary to dispose of same at a lower price than their face value and in consequence thereof it is necessary to raise the sum of \$25,000.00 by the issue of further debentures to make up the difference between the face value of the debentures and the price at which the said debentures were sold.

AND WHEREAS it is necessary to raise the sum of \$25,000.00 for the purpose of carrying out the intention of the said By-law.

AND WHEREAS in order to carry out the intention of the said By-law the said Council has decided to issue debentures of the Town of Redcliff for the sum of \$25,000.00 and the said Council has decided to pay the debentures thus created by the sum of \$25,000.00 at the rate of five (5) per centum per annum.

AND WHEREAS it is expedient to create a Sinking Fund for the repayment of the said sum of \$25,000.00 and the said Council has decided to pay the said sum of \$25,000.00 at the rate of five (5) per centum per annum.

AND WHEREAS the said Council has decided to pay the said sum of \$25,000.00 at the rate of five (5) per centum per annum.

AND WHEREAS the said Council has decided to pay the said sum of \$25,000.00 at the rate of five (5) per centum per annum.

AND WHEREAS the said Council has decided to pay the said sum of \$25,000.00 at the rate of five (5) per centum per annum.

AND WHEREAS the said Council has decided to pay the said sum of \$25,000.00 at the rate of five (5) per centum per annum.

AND WHEREAS the said Council has decided to pay the said sum of \$25,000.00 at the rate of five (5) per centum per annum.

AND WHEREAS the said Council has decided to pay the said sum of \$25,000.00 at the rate of five (5) per centum per annum.

AND WHEREAS the said Council has decided to pay the said sum of \$25,000.00 at the rate of five (5) per centum per annum.

AND WHEREAS the said Council has decided to pay the said sum of \$25,000.00 at the rate of five (5) per centum per annum.

AND WHEREAS the said Council has decided to pay the said sum of \$25,000.00 at the rate of five (5) per centum per annum.

AND WHEREAS the said Council has decided to pay the said sum of \$25,000.00 at the rate of five (5) per centum per annum.

AND WHEREAS the said Council has decided to pay the said sum of \$25,000.00 at the rate of five (5) per centum per annum.

AND WHEREAS the said Council has decided to pay the said sum of \$25,000.00 at the rate of five (5) per centum per annum.

AND WHEREAS the said Council has decided to pay the said sum of \$25,000.00 at the rate of five (5) per centum per annum.

AND WHEREAS the said Council has decided to pay the said sum of \$25,000.00 at the rate of five (5) per centum per annum.

AND WHEREAS the said Council has decided to pay the said sum of \$25,000.00 at the rate of five (5) per centum per annum.

AND WHEREAS the said Council has decided to pay the said sum of \$25,000.00 at the rate of five (5) per centum per annum.

AND WHEREAS the said Council has decided to pay the said sum of \$25,000.00 at the rate of five (5) per centum per annum.

AND WHEREAS the said Council has decided to pay the said sum of \$25,000.00 at the rate of five (5) per centum per annum.

AND WHEREAS the said Council has decided to pay the said sum of \$25,000.00 at the rate of five (5) per centum per annum.

AND WHEREAS the said Council has decided to pay the said sum of \$25,000.00 at the rate of five (5) per centum per annum.

AND WHEREAS the said Council has decided to pay the said sum of \$25,000.00 at the rate of five (5) per centum per annum.

AND WHEREAS the said Council has decided to pay the said sum of \$25,000.00 at the rate of five (5) per centum per annum.

AND WHEREAS the said Council has decided to pay the said sum of \$25,000.00 at the rate of five (5) per centum per annum.

AND WHEREAS the said Council has decided to pay the said sum of \$25,000.00 at the rate of five (5) per centum per annum.

AND WHEREAS the said Council has decided to pay the said sum of \$25,000.00 at the rate of five (5) per centum per annum.

AND WHEREAS the said Council has decided to pay the said sum of \$25,000.00 at the rate of five (5) per centum per annum.

AND WHEREAS the said Council has decided to pay the said sum of \$25,000.00 at the rate of five (5) per centum per annum.

AND WHEREAS the said Council has decided to pay the said sum of \$25,000.00 at the rate of five (5) per centum per annum.

AND WHEREAS the said Council has decided to pay the said sum of \$25,000.00 at the rate of five (5) per centum per annum.

AND WHEREAS the said Council has decided to pay the said sum of \$25,000.00 at the rate of five (5) per centum per annum.

AND WHEREAS the said Council has decided to pay the said sum of \$25,000.00 at the rate of five (5) per centum per annum.

AND WHEREAS the said Council has decided to pay the said sum of \$25,000.00 at the rate of five (5) per centum per annum.

AND WHEREAS the said Council has decided to pay the said sum of \$25,000.00 at the rate of five (5) per centum per annum.

AND WHEREAS the said Council has decided to pay the said sum of \$25,000.00 at the rate of five (5) per centum per annum.

AND WHEREAS the said Council has decided to pay the said sum of \$25,000.00 at the rate of five (5) per centum per annum.

AND WHEREAS the said Council has decided to pay the said sum of \$25,000.00 at the rate of five (5) per centum per annum.

AND WHEREAS the said Council has decided to pay the said sum of \$25,000.00 at the rate of five (5) per centum per annum.

finally passed, in the event of the assent of the burgesses being obtained thereon within four weeks of the voting thereon; and that upon Monday, the 8th day of February, A. D. 1915, the voting upon the proposed By-law will be held between the hours of 10 o'clock in the forenoon and 7 o'clock in the afternoon at the same day at the Hall in the Crowe Block, Broadway.

## GERMAN AIRCRAFT BOMBARD LONDON

German aircraft made their long threatened raid on England last Tuesday and attempted to blow up with bombs the King's royal residence in Sandringham, in the county of Norfolk.

This intention was ill-timed, for King George and Queen Mary with their family, who had been staying at Sandringham, had returned to London yesterday morning to resume their residence in Buckingham Palace.

Bombs were dropped at Yarmouth, Kings, Lynn, Sandringham, Cromer, Sherringham and Britton, and everywhere except at Britton casualties and damage to property resulted.

The first place visited was the well known seaside resort and fishing town of Yarmouth, where the people were taken by surprise at the sudden visit. Two persons, a man and woman, were killed, and a number of other persons were injured, and much damage to property was done by the raiders in their visit, which lasted less than 10 minutes. Four or five bombs were dropped in Yarmouth.

When the attack began the authorities gave instructions that all lights in the town be extinguished, and other precautionary measures were taken to safeguard the populace. Little evidence of a panic was seen in the raid near Yarmouth.

The damage done in Sandringham has not been reported. It is known, however, that the royal palace escaped unharmed. At Sherringham a bomb penetrated a house but did not explode.

### U. S. DEFENCES

In response to Representative Garrison's resolution of inquiry on the condition of coast defences, Secretary Garrison informed the house last Saturday that there are no guns of more than 12-inch diameter on the defenses in the United States proper, that those guns have a range of 15,000 yards when mounted on disappearing carriages, but that 29 mounted on barbette carriages have a range of about 18,000 yards. The British dreadnaughts of the Queen Elizabeth type, the secretary reported, carry 15 inch 45 calibre guns, with a range of about 21,000 yards, which he said was four miles greater than those on the coast defence. The guns, however, he said could be brought up to practically same range by some alterations in present mountings.

## PARM IMPLEMENTS AND THEIR CARE

Winter is for most farmers a season in which there is comparatively little outdoor work. There is, however, always work of some kind for the energetic man on the farm. The care and protection of his investment in implements should be one of his important duties. By this care, not only can he prolong their usefulness, but he can save considerable time.

It is of paramount importance that implements and tools, when required for use, be in condition for satisfactory service. Especially at harvest time, it may be a matter of hours to get the crop secured, and it is then that the results of care and inspection are apparent.

Machinery consists of fixed and moving parts, and it is necessary for their successful operation that they remain in this condition. Use, however, causes vibration, which tends to loosen and wear bolts and other parts of machines. An inspection will discover where these are and nuts may be tightened and worn parts renewed; these, if neglected till the machines are required, may cause the loss of valuable days through the loss of bolts or nuts, or while new parts are secured. All moving metal parts should be covered with vasoline or other grease to protect from rust and consequent increased friction in operation.

It is a good plan to have on hand an assortment of bolts, nuts, screws and cutter-plans, as well as wrenches, especially socket wrenches and extensions. A surprising number of bolts and nuts are put in the most difficult places to get at, and, if proper wrenches are not available, many delays result.

### CHILD ACCIDENTLY SHOOTS HER MOTHER

Mrs. L. Vanderhulst, living 18 miles northeast of Carleton Place, was accidentally shot last Friday by her little daughter. Her son had been out hunting jack-rabbits and when he returned home placed the shotgun in the corner of the room while he went to wash his fingers before unlading the gun. The little girl took the gun and began fingering the trigger. The gun was discharged, shooting Mrs. Vanderhulst.

Secretary Bryan's warning to the constitutionalists to refrain from interference with the oil-producing plants near Tampico, Mexico, caused a flutter in the local Mexican agencies. The oil situation at Tampico was discussed by representatives of Carranza and the British ambassador.

Licence Inspector Galign, of London, Ont., has notified the hotel keepers that he will have all bars in the city closed at 7 o'clock if the selling of excessive quantities of liquor to

soldiers is not stopped forthwith. There have been a number of violations of the liquor law in this respect, despite warnings from both the civic and military authorities.

## ITEMS OF LOCAL INTEREST

Blundell's Library, is a book.

Get your favorite magazine at Blundell's, First street.

Quite a change in the weather today, thank you; cutting and clearing are in order.

A. E. Stein, of Calgary, is conducting a clearing sale of the T. A. Hicks stock.

"Made-in-Canada" means development of Canada's natural resources and employment of Canada's work-people.

W. A. Buchanan, the present member of this constituency in the federal house was chosen as Liberal candidate in the new Dominion constituency of Lethbridge.

A. B. Clow, who is now in Scotland training for the front, sent very interesting photographs to some of his friends here. Among them was one of himself and three brothers taking with their mother. All four sons are in uniform and are awaiting orders to proceed to the front.

"Plans are now completed for the annual Burns' supper to be held in the Redcliff hotel next Monday evening. Nearly all the tickets have been sold and present indications are that this year's will exceed all previous years."

The Medicine Hat boys' hockey club visited our town last Saturday afternoon and played a friendly game with the boys here. An exceptionally close game was put-up in both sides and the game resulted in a tie, both scoring four goals each. The local boys showed a great improvement over their last game and if they keep on improving they will be hard to beat.

The senior hockey team from here went out to Brooks last Friday and played a friendly game with the team in that town. Although our boys were defeated by four goals to one, they put up a fine game considering that they have had but very little practice, and have only played together a few times. Local hockey enthusiasts are hoping a return game can be arranged while the ice is good.

B. J. Bott and Ed. L. Stone attended the banquet under Major-General Hughes in Medicine Hat last Tuesday night.

Chas. Oakland, of this town, made application to get into the stone trade but was not accepted as he was just a little underse.

After that now warm shower of rain last Monday, the dry belt around us will have to be shifted a bit. Everything points to a good crop next fall.

J. Kennedy, of the Stone Factory, returning from Minneapolis last Wednesday evening. While away he secured three more skilled workmen for the factory here.

Mrs. Fred Gaudin maintained a number of young people in a very pleasant evening last Friday. Cards, games and music are indulged in, after which supper was served.

The sum of \$2,000 for the purchase of a new lot for the troops at the front has been subscribed by the women of southern Alberta on a basis of a 25 per cent individual subscription.

Mr. and Mrs. W. Armstrong, who have been visiting in the area since before Christmas, returned home Monday evening. Although it is very quiet here, Mr. Armstrong says it is nothing to be compared with towns of a similar size in the east.

A number of farmers who are in town last Saturday inform us that on the way in they saw four antelope peacefully grazing on the prairie about four miles northwest of town. No doubt the antelope, like the domestic animals, are experiencing some difficulty getting feed this winter.

The tie game played between the junior hockey teams of Medicine Hat and Redcliff last Saturday will be played at the Medicine Hat rink next Saturday afternoon. These junior games are most interesting, as the boys of both teams are quite handy with sticks.

Mrs. G. Dill entertained a number of ladies to a skating party at the rink last Wednesday afternoon. A jolly afternoon was spent. Those who did not skate were towed around the rink on sleds by the skaters. After an hour's amusement in the open air Mrs. Dill entertained the ladies to lunch at her home on Fourth street.

Arrangements have been made to have a return hockey game played here with the Brooks team next Friday afternoon. The game is called for 7 o'clock and promises to be one of the best seen here for some time. Don't miss it. It may be the last of the season. Bill announcing game will be out first week.

There is every indication that the weekly dance to be given in the Empire theatre by the Medicine Hat orchestra will be a great success. It is the intention of the orchestra to hold them every Thursday evening for the balance of the season. So far, they have been fairly well patronized but we feel sure the attendance will be much larger in future since the first two have been such a success. As this orchestra has been and is a great convenience and help to the town it should be helped in every possible way.

Last Saturday afternoon a rink composed of Mayor Bott's W. J. Lang, F. K. Pike and James Merry went to Medicine Hat and copied a rink from that town. Two games were played. In the first the visitors were defeated but in the second, they were more successful as Mr. H. Bryant was substituted to make up the quartette. All were smoking new pipes when they came back and they said they won them in the second game. Others, however, who were down to the Hat on Saturday evening say they saw four Redcliff men buying pipes in Hume Pingle's store just before the train left for home.

A. J. Nicholson sells steamship tickets of all lines. See him before booking your passage to Europe.

The weather has been doing better lately and as a result the risk is being especially well maintained.

Jack Ferguson has enlisted and been accepted by the mounted rifles. He is at present in the Hat training.

Quite a number from here attended the big temperance rally in Medicine Hat last Monday evening.

Mrs. Charles Vigne and daughter, of Medicine Hat, were the guests of Mrs. H. E. Howard, Fifth street, on Thursday.

Raining on Monday and 10 below today. This is certainly lending variety to the otherwise monotonous times.

Arrangements for holding skating parties at the rink can be made almost any afternoon by applying to the manager at the rink.

There are a number of letters at this office for Geo. Scrudger in answer to adv. of a local aboriginal. Mr. Scrudger might call and get them.

The date for the vote on total prohibition throughout the whole province has been set by the provincial government for the 21st of July.

The Canadian Club of Medicine Hat held a big banquet in the Cosmopolitan hotel last Tuesday evening. Major-General the Hon. Sam Hughes.

W. J. Roy received a letter this week from his son Bob who is now at Salisbury Plains. Bob is enjoying the best of health but has the rest of his legs is anxious to get to the front.

Chief Reynolds, who was confined to his bed for a few days last week, suffering from a severe attack of grippe, is now around on the job again.

Equal suffrage and the granting to married couples of a legal aboriginal husband's estates, were heartily endorsed by the farmers of Alberta at their convention held in Ed. in Edmonton this week.

White in Medicine Hat this week Major-General Reynolds gave authority to organize the Hat rifle corps into a military regiment. They have already started to drill with over 60 of membership.

The members of the M. U. M. club were entertained at the home of the Misses White last Wednesday evening when a most enjoyable evening was spent in various kinds of amusements. The club will be reorganized at the home of Mrs. Crough next Wednesday evening.

The Lockwood boys scouts are now well organized and making good progress. They have secured the building previously occupied by the boys and are using it as a club room. The boys raised the money to make this possible by voluntary contributions and deserve great credit for their success.

Last Monday evening a number of young ladies and gentlemen gave Mr. F. K. Pike a surprise party at his bachelor quarters on Sixth street. The evening was spent in card playing after which Mr. Pike served an elaborate lunch. It was the opinion of all that Mr. Pike makes a charming host. Mrs. Woodcock acted as chaperone.

A farewell party was given at the home of Mrs. W. Wheeler on Wednesday evening in honor of Miss L. Bradley, who is about to leave for her home in the east. A very enjoyable evening was spent, what and five hundred being part of the evening's program, after which a dainty supper was served. The party then retired to the drawing room which was nicely decorated for the occasion. An enjoyable evening came to a close with the singing of "Will Ye No Come Back Again" and "Auld Lang Syne."

A. Lewis-Robson, at one time private secretary to ex-Mayor Daniels, has enlisted with the mounted rifles.

The ladies of the Presbyterian Mission-Society will meet in the church on Wednesday, the 26th, at 4 o'clock. All the members and those interested are asked to attend.

W. F. Watson, son of W. H. Watson, of this town, left last Wednesday for Vancouver, where he will visit friends for a few days prior to starting work on a large bridge at Hope, B. C.

## CHURCH NOTICES.

White, Lockwood, or at a third party, will be promptly attended to. No easements will be allowed open between the hours of 7 a.m. and 7 p.m. The public must govern themselves accordingly.

Signed  
THE BOARD OF HEALTH.

## THE BRIDGE BUILDER

An old man, going a lone highway, Came at the evening, cold and gray, With a chain waist and deep and wide. The old man crossed in the twilight dim. The sullen stream held no fear for him.

But he turned, when safe on the other side, And built a bridge to span the tide.

"Old man," said a fellow pilgrim near, "Three folkwith after me today, A youth whose feet must pass this way."

"You are waiting your bridge with building here; Your journey will end with the ending day."

"You never again will pass this way; You've crossed the chasm deep and wide."

"Why build you this bridge at evening tide?"

The builder lifted his old gray head— "Good friend, in the path I have come," he said,

"Three folkwith after me today, A youth whose feet must pass this way."

This chasm that has been as naught to me, To that fair-haired youth may a pit-fall be."

He, too, must cross in the twilight dim— Good friend, I am building this bridge for him.

When sending money to Europe pay a Dominion Express Foreign cheque. A. J. Nicholson sends them.

Blundell's Library, 5 a book.

**SHERWIN - NICHOLSON**

Store Closes 6:30 Tuesday, Wednesday and Friday Nights.

See A. J. Nicholson for insurance of all kinds in the best companies.

The regular meeting of the town council will be held next Monday evening at 7 o'clock instead of 8. This is to enable the councilors to attend the Burns' supper.

## MAKE MONEY

Some wise person said: "one dollar saved is as good as two made", if this saying is true you can make a good days pay by coming to our store for your next order of groceries.

**EVAPORATED MILK.** The milk canneries are fighting each other and that is the reason we can afford to sell you Evaporated Milk at 11 cans for \$1.00.

**PRODUCE.** Regardless of advances in the cost of first-class Creamery Butter our retail price will remain same as before. Butter per lb. 35c Eggs per dozen 40c

**LARD.** The packing houses tell us that lard will be higher but this need make no difference as we have a good supply of the very best White Canola Lard Compound at per pound 10c

**EVAPORATED FRUITS.** The Prunes this year open out especially good and we advise you to buy them at once. Our prices range from \$2.25 per box and up.

**NO LUXURIES**

We advertise necessities only but if you are fortunate enough to have money to spend for luxuries we carry most any kind of table delicacy in stock.

**NECESSARIES**

AT THE RIGHT PRICE.

Potatoes per bushel..... \$1.15

Apples (all kinds) per box 1.40
